March 25, 2025

Bangor Water will file an application with the Maine Public Utilities Commission (MPUC) for a change in domestic and fire protection charges to take effect July 1, 2025. Our last rate adjustment was approved in April of 2024. This rate adjustment is necessary to fund projects which improve the reliability of our water system, address inflationary impacts on materials and chemicals, and maintain a quality workforce in a competitive labor market.

The filing is made under provisions of 35-A MRSA Section 6104-B. The docket number for the filing is 2025-00159.

As expenses to operator the Water District continue to increase, a 1.5% increase on all rates is proposed to generate \$152,020 of additional annual revenue as shown below:

Residential	\$57,325
Commercial	\$33,288
Industrial	\$ 510
Government	\$ 8,383
Public Fire Protection	\$21,760
Private Fire Protection	\$23,450
Wholesale	\$ 7,304

As a result of this rate increase, the minimum service charge of \$64.15 will increase \$0.96 per quarter to \$65.11. The average quarterly bill of \$98.55 will increase \$1.44 per quarter to \$99.99.

If you have any questions or desire additional information, you may contact us at 207-947-4516.

Respectfully,

Chuck Harrison
General Manager
